PROFILE

Aspiring DevOps-focused frontend Developer with practical experience in Linux and Docker. Passionate about building end-to-end applications, implementing containerized environments, and adopting modern development practices to deliver scalable and maintainable software solutions.

SKILLS

Frontend: HTML, CSS, JAVASCRIPT, REACT.JS,
DevOps: Docker, Kubernetes, GitHub Actions, AWS, CI/CD Pipelines, SSL/HTTPS
Operating Systems & Networking: Linux, Networking Fundamentals
Version Control: Git, GitHub
Programming: C++, Python
Configuration: YAML

EXPERIENCE

DevOps- Engineer (Freelance) 2026
JusticeRollOn — College management system

- Containerized a Node.js application using Docker for consistent and portable deployment across environments.
- Deployed application on AWS EC2 and configured Nginx as a reverse proxy with SSL/HTTPS for secure client connections.
- Built an end-to-end CI/CD pipeline using GitHub Actions that automatically builds a Docker image and pushes it to Docker Hub on every push.

PROJECTS

Docker & Kubernetes Lab Series | *Personal*

- Built hands-on labs covering Dockerfiles, multi-stage builds, Docker Compose, and container orchestration with Kubernetes.
- Practiced Deployments, ReplicaSets, Services, ConfigMaps, Persistent Volumes, and Namespaces.

CI/CD Pipeline — GitHub Actions | *Personal*

- Designed automated pipelines for build and deployment workflows using GitHub Actions.
- Integrated Docker image builds and push to Docker Hub within the pipeline.

College Management System — Fully functional

- Developed a full-stack Content Management System (CMS) featuring a dynamic React frontend and a secure PHP/MySQL backend. Engineered a responsive admin dashboard with role-based authentication to streamline content publishing and data management. (Ai chat boot).

AI health chat boot — for medical Diagnosis

- Fully functional AI Health Chatbot built to provide smart healthcare assistance with fast, accurate, and intuitive conversations.

Portfolio — functional

- A high-performance React portfolio showcasing my frontend projects, technical skills, and growing expertise in DevOps, including Linux and Docker.

EDUCATION

Kohat University of Sciences and Technology (KUST) <i>BS Computer Science</i>	Kohat 2022 – 2026
Govt Higher Secondary School Shakardara <i>Pre-Engineering (Intermediate)</i>	2020 – 2022
Govt Higher Secondary School Shakardara <i>Matric (SSC)</i>	2019 – 2020

LANGUAGES

Urdu: Native **English:** Intermediate
